About WUSATA

The Western U.S. Agricultural Trade Association (WUSATA) is a non-profit organization aimed at increasing the export of U.S. food and agricultural products. WUSATA works closely with each state department of agriculture in the West to enhance the economic well-being of the region.

For 43 years, we have offered programs and services to assist exporters of food and agricultural products. WUSATA is funded by the USDA’s Foreign Agricultural Service (FAS), dues from its member states, and administrative fees paid by private companies.

WUSATA Programs

Our organization promotes U.S. food and agricultural products through three intersecting program tracks: FundMatch, Global Connect, and Export Education:

• **FundMatch** helps eligible western U.S. food and agricultural suppliers remain competitive internationally by providing 50% cost reimbursement for eligible marketing activities. The program gives companies the ability to break into new markets, expand their existing shares, and maximize their marketing budgets to make their efforts go further. Small agribusinesses can apply now to offset future international marketing costs.

• **Global Connect** provides eligible food and agricultural businesses with multiple opportunities to explore overseas markets and connect with foreign buyers while expanding their global distribution. Registered companies receive a wide variety of information about buying missions and international trade shows; introductions to qualified importers; free interpreters at activities; and much more.

• **Export Education** is designed to bring you up to speed on the how-to’s and benefits of exporting. It covers important topics through webinars and seminars that are held throughout the year. Companies who register for the MyWUSATA account have access to valuable market research and timely consumer insights, plus are encouraged to visit WUSATA’s website for additional resources to help them reach their exporting goals.

FundMatch Specific Questions

What is FundMatch?
FundMatch is a 50% reimbursement program for eligible international marketing expenses. Participants will conduct activities throughout a program year and complete expense claims for each activity.

Is there an application fee?
Yes, FundMatch applicants are charged a non-refundable application fee of $250.

Are there other associated fees?
Yes, after the application has been approved and participant has reviewed an allocation notice, a contract and non-refundable administrative fee of 6% of the approved allocation amount will be issued and available through the participant’s Contact Profile under the “My Invoices” tile.

How can I best utilize FundMatch?
To get maximum benefit from participation in FundMatch, we recommend that you read the online FundMatch Guide carefully and register for a WUSATA Program Overview Consultation. Taking an active role in learning how the program works will help ensure a successful expense claims process when you are ready to submit your claims. In addition, FundMatch has Claim Coordinators available via phone and email to answer any questions.

What is the “Program Year” for FundMatch?
The “Program Year” for activities is January 1st through December 31st. Your approval date for the program is based on when your application is complete. Only activities after your approval date will be eligible, so make sure and apply early so you don’t miss out on being able to submit expense claims.

How much funding can a company request within one program year?
Companies can request $2,500 to $300,000 per program year. First year FundMatch applicants are limited to $25,000. If a company is an experienced exporter, funding can be increased to $50,000. Please reference page 13 for more information on funding allowance.
Where do I find forms for the FundMatch Program?
Please go to the WUSATA website, in the upper banner under “Programs” and “FundMatch” is the “Important Forms” page. Here you will find the required Claim Form and other documents needed for the FundMatch claims process.

What photos are needed for my expense claim?
Please take several and make sure that the photos encompass a full view of the booth or banner etc. and includes the traveler(s) and temporary staff at your activity. A complete list of the types and amounts of photos needed can be found under the specific activity in the year’s FundMatch guide.

I’m going to travel to a trade show, what do I need to do before I go?
File a Travel Notification form and email it to the ATO of the country you will be visiting at least 14 days prior to traveling. This is a federal requirement and without filing that form, WUSATA will not be able to reimburse you for your travel expenses. Travel Notification forms are located on the WUSATA website under “Important Forms” section.

Can I submit my expense claim by email?
No, all claims and documentation must be submitted by USPS, FedEx and/or UPS to the WUSATA office.

When will my claim be processed?
All claims are processed in the order that they are received in the office. Throughout the program year the volume of claim submissions varies. Therefore, the timing of processing may vary as well. You can check the status of your claim process on your Contact Profile dashboard under the “FundMatch Program” tile.

When will my claim be paid?
Payment may take up to 60 days to be disbursed to company from the time of claim approval, however it can vary depending on volume of claims. Please reference page 32 for the Claim Submission Timeline.

Why is my reimbursement “Prorated?”
All activities need to include approved products from your current FundMatch Application. If you market other brands or products that are not approved, the activity will be prorated. For example, you go to a trade show and market 4 approved products in the booth, and you also market 2 new products that do not qualify for FundMatch. The booth expense and shipping would be prorated to 4/6 of 50% based on the approved products. You may add new products for approval at any time during the year. Sign-in to your Contact Profile and add the product, complete a U.S. Origin Calculation Sheet form and submit the form and the label/packaging by mail for approval and reimbursement.
Through the **Market Access Program (MAP)**, WUSATA can reimburse up to 50% of eligible international marketing expenses. The marketing assistance that is provided through FundMatch is made possible from the United States Department of Agriculture’s (USDA) Foreign Agricultural Service (FAS).

Washington, Jan. 31, 2019 – U.S. Secretary of Agriculture, Sonny Perdue, announced that the U.S. Department of Agriculture (USDA) awarded $200 million to 57 organizations through the **Agricultural Trade Promotion Program (ATP)** to help U.S. farmers and ranchers identify and access new export markets.

In 2019, WUSATA was awarded additional funding through the Agricultural Trade Promotion (ATP) program. The funding can flow over a three-year period, to give WUSATA additional resources to assist companies within our 13 Western States and American Samoa, Guam and Northern Mariana Islands with their exporting efforts.

There are three differences between the current MAP cost reimbursement program, and the ATP cost reimbursement. Please note that when MAP is referenced in the Guide the reference includes ATP as well, unless otherwise indicated.
Companies participating in WUSATA’s FundMatch are seeing concrete, measurable results.

2021 FundMatch Results

- 98 FundMatch Participants
- $217 Million in export sales realized by participants
- 1,234 Total buyer-seller introductions

Section 1: Program Information

1. Your company is headquartered in the WUSATA region:

If your company is located outside of the WUSATA region, you may apply through one of our sister organizations, known as State Regional Trade Groups (SRTG).

Northeast: Food Export USA Northeast
Midwest: Food Export Association of the Midwest USA
South: Southern United States Trade Association (SUSTA)

2. Your company will need to be a “small” company:
All participants must be considered “small” under the U.S. Small Business Administration (SBA) definition (www.sba.gov/content/table-small-business-size-standards). All employees of affiliates, such as parent companies, subsidiaries, etc., are included in employee totals to determine size eligibility. Agricultural farm cooperatives are exempt from size restrictions.

3. Your company needs to be a U.S. business entity:
A participating company must be a legally licensed, independently owned, and registered business entity in the U.S. for at least 12 months.

Agricultural Trade Promotion (ATP): Company size can be 3x that of the Small Business Administration (SBA) size standard.
4. Is WUSATA the right MAP Cooperator for your company?
Specific agricultural commodities have reimbursement programs through other MAP Cooperators and you’ll need to apply for funding assistance through those Cooperators first (see below for a list). If your company promotes multiple product lines and only a few products are covered by another MAP cooperator, you may be able to participate in WUSATA’s FundMatch Program.

2. Does your company own a brand name product?

Product labels/packaging must promote a brand name. Your company either:

- Owns the brand of the products and all property rights to its name,

- or -

- Has a sole agency agreement with the owner of the brand to utilize FundMatch dollars to promote the branded products in the country market(s) identified in the approved Marketing Plan.

A Certificate of Exclusivity form needs to be signed by the brand owner for each branded product and your company, and must be on file at WUSATA's office before marketing activities take place in each program year a company participates in FundMatch.
3. Do your products have a valid U.S. origin statement?

Important Points:

- Brand/Company names with U.S., America, and/or State in the title do not fulfill the origin statement requirement.

- “Bottled by” or “Produced in” statement is acceptable for wine or spirits only.

- Any state or territory of the United States of America must be spelled out in its entirety, or other U.S. regional designation if approved in advance by FAS. State abbreviations are not accepted because a U.S. state abbreviation can often be mistaken as a foreign country (i.e. CA can be interpreted as Canada).
Application & Contract Information

- FundMatch applicants will pay a **non-refundable application fee of $250.00** at the time of application each year.

- After application has been approved and participant has reviewed allocation notice, a **contract and non-refundable administrative fee of 6% of approved funding allocation** will be issued and available through the participant’s MyWUSATA account.

- Once contracted, the participant can conduct eligible international marketing activities through December 31st. **Note: activities that occur before approval date are not reimbursable.**

- After conducting eligible activities, participants will have no more than **60 days after the last day of the activity to submit claims** for reimbursement.

How to Apply - Terms

**Allocation Notice:** A notification sent to the company that outlines their Approval Date, their approved markets and budgets, and their approved products for a specific year in FundMatch.

**Certificate of Exclusivity:** Participant must either own the brand name of the products to be promoted or have the brand owner sign a Certificate of Exclusivity Form. This signature certifies that the brand owner gives the applicant the exclusive right to seek FundMatch funds to promote the specified product(s) in the specified market(s). This form will be submitted for all products for which the applicant does not own the brand.

**Certification Statement:** A document located in the FundMatch application. This document is signed by the company representative certifying that they have read the FundMatch guide and understand their part of becoming a FundMatch participant.

**Contract:** A legally binding agreement between WUSATA and prospective participant in FundMatch. This document sets forth the terms and conditions of participating in FundMatch and receiving reimbursement for eligible expenses.

**In-Country Partner:** A foreign entity that a FundMatch participant works with to promote the export of its products. Distributors, agents, brokers, and representatives in foreign markets where FundMatch program funds are being used. Typically, the in-country partner conducts FundMatch activities on behalf of the U.S. applicant.

**Market Amendment:** After a company is contracted and is a participant in FundMatch, they may amend their application to add an additional country market. This is done through the MyWUSATA dashboard.

**Marketing Plan:** The part of a company's application where the company will outline the markets that they will be requesting funding for in the application. Specific questions will be asked about how the funding will be spent (different types of eligible marketing expenses) and how much the company will be requesting for that market.

**NAICS Code:** The North American Industry Classification System. SBA (U.S. Small Business Administration) uses NAICS codes as a basis for its size standards, a number that is assigned to a category. WUSATA uses that number to determine the maximum number of employees allowed for a company in that given category to be eligible for FundMatch.

**Origin Calculation Sheet:** Companies participating in WUSATA’s FundMatch program will verify they promote products that have at least 50% U.S. agricultural content and are labeled as a product of the U.S. Each product will require an Origin Statement when being submitted for approval for the first time (found under “Important forms” on the WUSATA website).

**Private Label Agreement:** An applicant packing or manufacturing for a private label must have the retailer/owner of the label certify that the applicant is the exclusive supplier of that product in that country market for the duration of the program year. This form must be returned as part of the Program Application.

**Product Amendment:** After a company is approved to participate in FundMatch, if the need arises, they may amend their contract to add additional products, keeping in mind all products will need to meet WUSATA qualifications. This is done through your MyWUSATA dashboard.

Whether or not you participate in FundMatch, you are a taxpayer. It’s in your best interest that we conduct a rigorous fraud prevention program. As a recipient of MAP funds, it is also in your interest that we protect the program so that we, and other MAP cooperators can continue to help thousands of small companies engage in exporting.

We don’t ask for additional information or clarification because we’re fishing for fraud. WUSATA asks for certain paperwork to verify companies and their products. This provides us the ability to track how funds are being spent and be able to prove the payments and activities occurred.

End-of-Year Survey

Your Feedback Matters!
