

2026 FUNDMATCH GUIDE

Your Guide to Doubling Your
International Marketing Dollars

About WUSATA

The Western U.S. Agricultural Trade Association (WUSATA) is a non-profit organization aimed at increasing the export of U.S. food and agricultural products. WUSATA works closely with each state department of agriculture in the West to enhance the economic well-being of the region.

For 45 years, we have offered programs and services to assist exporters of food and agricultural products. WUSATA is funded by the USDA's Foreign Agricultural Service (FAS), dues from its member states, and administrative fees paid by private companies.

FundMatch helps eligible Western U.S. food and agricultural suppliers remain competitive internationally by providing 50% cost reimbursement for eligible marketing activities. The program gives companies the ability to break into new markets, expand their existing shares, and maximize their marketing budgets to make their efforts go further. Small agribusinesses can apply now to offset future international marketing costs.
