EVENT DETAILS

The Western U.S. Agricultural Trade Association (WUSATA®), and the 13 Western State Departments of Agriculture, announce participation and registration in the following activity: Japan Healthy Foods & Ingredients Inbound Mission: July 7 - 11, 2014. This will be an excellent opportunity for companies to participate in the growing Japan healthy foods and ingredients market. Japan buyers are looking to source unique, high quality, healthy, specialty, functional foods and ingredients for the retail and food service sectors. The Japan market is ranked as the #4 importer of agricultural exports from the United States, and buyers are consistently seeking to fulfill the demand for healthy and active-lifestyle food products. In December 2013, Nikkei News reported that the healthy foods and supplements market in Japan grew to an incredible \$14.7 billion in 2012. Participating companies are encouraged to be export ready, bring samples and product lists, and be prepared to discuss pricing. Benefits of Participating in this activity:
