Korea Foodservice & Ingredient Inbound Trade Mission ~

December 4 - 8, 2017

Korea is the fifth largest market for the U.S. Recent changes in lifestyle and dietary culture have stimulated rapid growth of the food service and retail sectors in Korea, so now is a great time to take advantage of Korea's free trade agreement to enter or expand your exporting into the market.

This event is designed for Western U.S. companies interested in the rapidly-growing consumer market of China. Companies will meet for table-top and one-on-one visits with qualified ingredient and foodservice buyers. Korea's Free Trade Agreement with the U.S. makes this a beneficial export market. This is a trade mission you do not want to miss!
