Virtual Buyer Meetings: ASEAN (Dried Fruit and Nut)

December 14-16, 2021

Explore Market opportunities in ASEAN - One of the U.S.' top destinations for dried fruit and nut products. This is a great opportunity for experienced exporters and those interested in the ASEAN market.

Virtual Buyer Meetings: ASEAN (Dried Fruit and Nut) is an opportunity to meet with buyers and learn more about this important market.

U.S. products are well positioned to enter the market as consumers are already aware of the premium quality and price of the products, allowing for the products to remain competitive when accounting for export costs. The ASEAN region is experiencing large economic growth and is expected to continue to do so in the coming years.

Meetings will be scheduled from approximately 6pm to 9pm (Pacific) from December 14 - December 16, 2021. Meetings will be confirmed approximately one week prior. Each WUSATA company is targeted to have up 3-5 meetings with participating buyers as part of this activity.

Benefits of Participation:

- Meet virtually with pre-qualified buyers from Southeast Asia.
- Gather current market intelligence, consumer preference, and trend information by participation in virtual meetings with buyers from the target market.
- Evaluate how your product fits into the marketplace and assess the competitive landscape by engaging with retail and wholesale buyers virtually.
