### 2020 China Retail & Foodservice Virtual Buyers Mission - Hong Kong & Shanghai - December 7 & 9, 2020

Meet with potential customers in Hong Kong and China without traveling!

With market disruption from COVID-19, and the current geopolitical climate, we still see export opportunities in major cities in China and Hong Kong.

China is still the top market for U.S. products, including value-added, retail products, process and prepared foods. Retail and foodservice buyers, brokers, importers are still very interested in learning about quality food products from the Western U.S. For this activity, the top-tier cities of Hong Kong and Shanghai were chosen, as its economies will rebound faster than other areas and imported food consumption remains strong in the area.

This virtual trade opportunity helps overcome the distance with video to tell your product story, virtual meetings, and finally, offering some cost relief for you to send samples to the most promising customer(s) from your virtual meetings. The virtual activity will include one-on-one buyer's meeting with qualified buyers such as importers and distributors. Participants will be able to gain a market trend during and after COVID.

Don't miss this excellent opportunity to meet with prospective Chinese buyers virtually!

### Benefits of Participation:

- Meet one-on-one virtually with foodservice and consumer-oriented importer and distributors in Hong Kong and mainland Shanghai
