## EVENT DETAILS

### 2025 Thaifex Trade Show

WUSATA is organizing kiosk-configured space for Western US food and beverage companies to showcase their products and connect with importers/distributors/food and beverage purchasing decision makers at the Thaifex Anuga Asia trade show, May 27 - 31, 2025.

This dynamic and growing show will be a great opportunity to make connections, establish and expand business relationships, in Thailand and beyond. In 2024 the show enjoyed 85,850 trade visitors and 3,133 exhibitors from 131 countries.

Thailand is Southeast Asia's second largest economy with a GDP of \$512.19 billion (\$7,300 per capita) in 2022 and a population of 70.2 million. In 2023, Thailand was the 21st largest export destination for U.S. agricultural products, while the United States was the third largest supplier of agricultural products to Thailand with a total export value of \$1.6 billion in 2022. In 2022, U.S. consumer-oriented agricultural exports to Thailand were valued at \$453 million, with the U.S. the 5th largest supplier in this product category. Continued growth in urbanization, changes in the structure of Thai households have contributed to rising demand for convenient ready-to-eat meals, healthy food products, and food delivery. In addition, the Thai food processing sector continues to develop, creating opportunities for food ingredients. Top opportunities include dairy, seafood, fresh produce, tree nuts, bakery products, wine, and beer.
