WEBINARS

CHINA: EXPORTING TO HONG KONG

Wednesday, Sep 11, 2024 | 3:00 PM - 4:00 PM
Registration: Monday, Aug 26 - Tuesday, Sep 10, 2024
Virtual | United States of America

https://www.wusata.org/e/V778S4S

EVENT DETAILS

Mainland China is a market which is changing constantly, and changes to any import regulations may affect suppliers in the trading of U.S. products. It is critical for WUSATA exporters to be equipped with the knowledge of the requirements for exporting to China based on the most updated information. A webinar to cover the latest import policies and regulations in Mainland China and Hong Kong, including required certifications and documents for different commodities, as well as tariffs, would be offered to companies.
