Join us for a dedicated session, presented in partnership with the California Wine Institute (CWI), designed for wineries participating in WUSATA's FundMatch program and preparing for 2026 international trade shows such as Wine Paris, ProWein, and Vinexpo Hong Kong.

During this webinar, Hayden Romig, California FundMatch Representative and Senior Engagement Executive with WUSATA, will walk you through everything you need to know to make the most of your FundMatch benefits. Learn how to properly document and claim reimbursement for booth costs, shipping samples, and international travel expenses - including airfare, lodging, meals, and more. Hayden will also cover best practices for your on-site activities to ensure your claims are fully compliant and successful.

Whether you're a first-time exhibitor or a returning participant, this session will help you navigate the process with confidence and maximize your 50% reimbursement opportunities.
