EVENT DETAILS

The Western U.S. Agricultural Trade Association (WUSATA®), and the 13 Western State Departments of Agriculture, announce participation and registration in the following activity: Korea Consumer Oriented Inbound Mission to: HONOLULU - June 9-10, and PORTLAND - June 12-13 This is a great time to take advantage of the growing opportunity within the Korea market, and Korea's Free Trade Agreement. South Korea is the fifth largest export market for American agriculture. Changes in lifestyle and dietary culture, coupled with increased consumer income level, have stimulated a rapid growth of the food service and retail sectors in Korea, and consumers are seeking more international tastes while becoming more concerned about the quality and safety of foods. A delegation of retail buyers will travel to Honolulu, HI, and Portland, OR for meetings and facility tours. Participating companies are encouraged to be export ready, bring samples and product lists, and be prepared to discuss pricing. Benefits from participating in the activity include:

- Meet one-on-one with pre-screened food buyers from Korea looking for high-quality U.S. products
- Showcase your products and discuss how they can fit into the purchasing plans for these companies
- Take advantage of the Korea Free Trade Agreement
- Gain information about importer/buyer needs and preferences
